Mr. Bernard P. Leber, Jr.
Environmental Engineering Manager
Kaiser Aluminum Fabricated Products
Trentwood Works
P.O. Box 15108
Spokane Valley, WA 99215-5108

Dear Bud:

RE: Kaiser Trentwood Site – Draft West Discharge Ravine Interim Action
Completion Report, December 24, 2007

Ecology has completed the review of the Draft West Discharge Ravine Interim Action Completion Report. Ecology finds that this report provides complete information on the interim actions that were undertaken in the West Ravine. Accordingly, this report is approved.

We look forward to receiving monitoring reports on the performance of the restoration activities for the next three years, as proposed.

Thank you for your continued cooperation. Please call me at 509/329-3543 if you have questions.

Sincerely,

Teresita Bala
